HOT CAKE

Design: Kristina Ambrozová / 2011

Some like it hot and some full of fruit. What about having it both ways?

One side is a cake tray, the other side serves as a fruit bowl.

Created from the elegant material

DuPont™ Corian® and silver-plated brass.

Material

bowl: DuPont™ CORIAN® Glacier White

thickness: 6 mm

pedestal: silver-plated brass

thickness: 1.5 mm
